

THUJA

Artist: CHRIS MARTIN

Style: MINIMALISM

Medium: ACRYLIC ON ACRYLIC

Size: 48 X 48

The arc of Christopher's career as an artist is completely self-taught. The flora, fauna and feeling of his native Florida, are still apparent influences in much of his work. Like touchstones, the color palette of tropical fish, the titanic flow of the ocean, lushly horizon lines, and powerful hurricane-inspired pieces appear in different incarnations on his easel.
